Spiritual Guiding light

Dear beloved children,

Today, on auspicious day of Gurupurnima, I lovingly accept heartfelt salutation filled with loved from all of you. For last forty-five years, Mataji has manifested a spiritual inspiration in this elixir ocean of humanity, through me. It has always been my endeavour that the light of this beacon makes the life of every needy person comfortable, instinctive and successful.

The support, co-operation and dedicated hard work of all the devotees, will aid in bringing the disoriented traveller of life, to a destination.

There is a statement in the Upanishads that, "You know that by knowing everything can be known"

God says that:

"Along with elevation of yourself, you should be helpful to others too."

On this auspicious occasion, my wish from the bottom of my heart is that, my admirers, devotees, children to establish the torch of humanity as a beacon of light in the ocean of humanity. Stuck in the ocean of the world, mislaid, frustrated - disappointed, brightens the path of the wayfarer, provides right guidance, and delivers to the destination.

Children who want to progress and develop spiritually through forty-five years of cohabitation, pious company, self-learning and co-operation must have picked up the pace of development. The horizons of the reunion of God (Shiva) and Soul (Jiva) will be accessible. One must get ready to see the Almighty enthroned on the throne of heart, to get guidance, for conscience travel.

The message from the Almighty, that is developing in the inner soul is that:
