Will-Power

Serial Number 224

February 2022

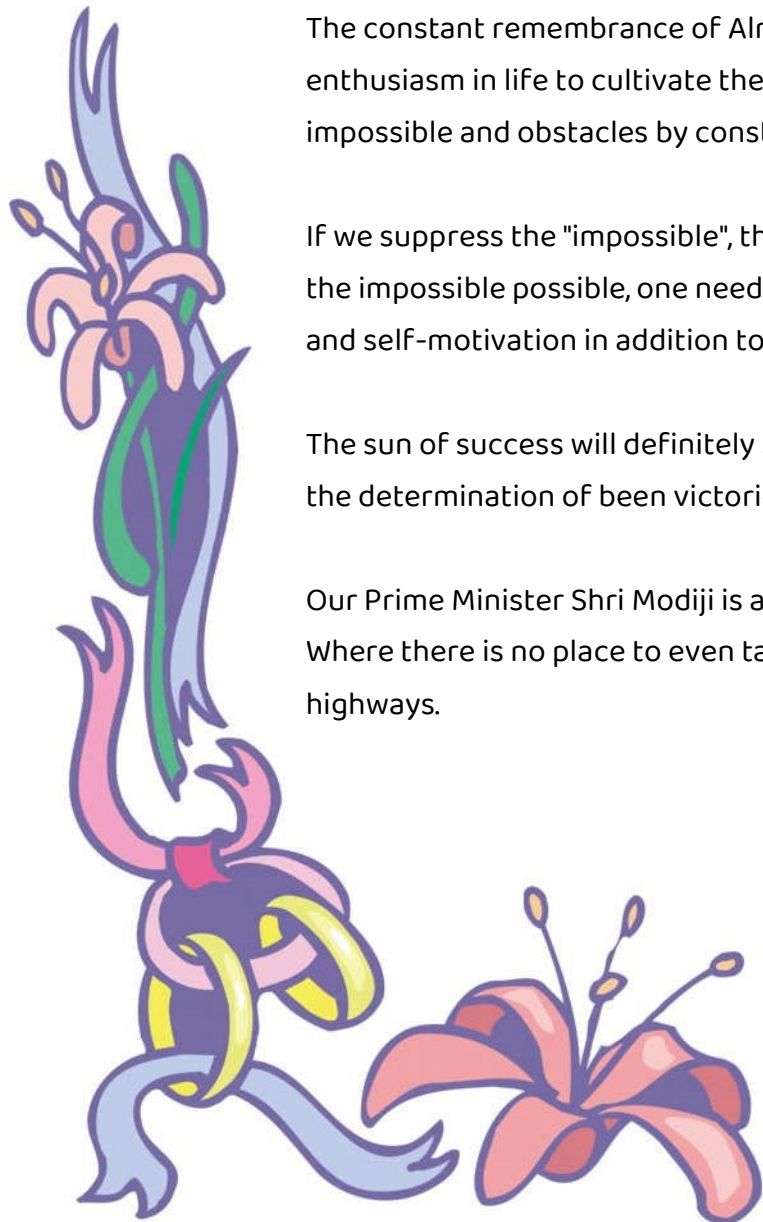

During span of our life, to achieve success in any field, to advance in the physical, mental and spiritual sector of life, journey of our life can be taken to the desired destination in the world with only two oars of will-power and hard work.

The constant remembrance of Almighty will bestow special energy and enthusiasm in life to cultivate the power and strength to overcome the impossible and obstacles by constantly improving and moving forward.

If we suppress the "impossible", there will be no sign of the impossible. To make the impossible possible, one needs to have strong determination, will-power and self-motivation in addition to the strength of hard work.

The sun of success will definitely shine, if one commences a definite task with the determination of been victorious and development.

Our Prime Minister Shri Modiji is a fiery source of inspiration for us today. Where there is no place to even take a step, these determined great men build highways.

With perseverance and determination one can empty the space around the soul. A person is uplifted, when he speaks less, he understands more and the more he strives to work hard.

Swami Vivekanandaji has said, "Those who have the power of determination have many hands. If you are determined, you will feel the strength of twelve hundred hand in your two hands, then nothing will be impossible for you. Be determined.

If we adhere to the power of determination for all-round development, if we insist on hard-work and supreme grace, then success will be at our feet.
